FOREWORD

It is now six years since the fourth edition of the Pocket Directory was published, and the Central Office of the Fraternity in presenting this, the fifth edition, feels that a real need of our Chapters, Alumni Associations, and individual members will be filled.

During the World War it was not only impossible to publish a directory, but, in the confusion and turmoil, we lost track of hundreds of our members who were either serving their country or moving from place to place. Not until recently have we been able to re-discover many of them.

At the close of the War it was evident that we must publish a new edition as speedily as possible. The Trustees of the Fraternity, however, in the face of the exorbitant prices prevailing, wisely postponed action until this year. Although the cost of the undertaking will nearly be treble that of 1916, it is confidently hoped that a generous response to the Fraternity's call for Elders' Dues will see us through.

We wish to make thankful acknowledgment to the many Zetes who have helped in the work of gathering data for this volume. At this time we wish to urge each member of the Fraternity to help lay a better foundation for the next edition by promptly informing the Central Office of changes in his address. Only in this way can we hope to place accurate information in your hands.

Faithfully yours in Tau Kappa Phi,

CHESTER A. LYDECKER,

ARTHUR M. WICKWIRE, JR.
